2. Overview of Portland Enterprise Zone Policy

2.1. Introduction

The Oregon Enterprise Zone program is a State of Oregon economic development program, as provided by the Act, that allows for property tax exemptions designed to encourage existing and new firms to invest in new capital outlays in certain designated areas. In exchange for receiving the property tax exemptions, participating firms are required to meet certain program requirements as described in the Act and any additional requirements as set by local jurisdictions.

The purpose of the Portland Enterprise Zone program (“E-Zone”) is to facilitate investment by predominantly industrial-based businesses in Portland in order to create or retain quality jobs while maximizing the economic benefits for residents of Portland who are currently earning at or below 80% Median Family Income (“MFI”).

This E-Zone Policy will act as the over-arching guide for the City’s local E-Zone requirements.

2.2. Primary Goals of the E-Zone

- 2.2.1. Attract new industrial investments through expansion or the attraction of operations to Portland.
- 2.2.2. Link Portland residents earning at or below 80% MFI with quality jobs created by participating E-Zone firms.
- 2.2.3. Increase local business-to-business procurement opportunities between participating E-Zone firms and existing firms located within the City of Portland in order to increase local purchasing.
- 2.2.4. Ensure that the jobs being created meet basic job quality and retention requirements per the E-Zone Policy and State requirements.
- 2.2.5. Ensure that participating firms are increasing overall employment by at least ten percent (10%) during the first year the firm receives abatement.

2.3. Operating Principles and Guidelines of the E-Zone

- 2.3.1. The City and the E-Zone Manager shall operate the E-Zone in accordance with the Act, the Administrative Rules and this E-Zone Policy.
- 2.3.2. All participating firms shall comply with all applicable requirements of the Act, the Administrative Rules, and this E-Zone Policy.
- 2.3.3. As a condition of authorization for the property tax abatement granted pursuant to the Act, the Company shall agree to perform the obligations set forth in this Policy and the Written Agreement.

- 2.3.4. The primary tool of the E-Zone is an exemption of certain property from ad valorem property taxation. The duration of the tax exemption period will be five (5) years.
- 2.3.5. Ensure the E-Zone supports new investments and aids in establishing new and emerging small businesses without over burdensome regulations.
- 2.3.6. Enhance the Oregon Enterprise Zone program with additional City requirements that create an appropriate balance between achievement of City objectives and property tax exemption benefit to the participating firm while not diminishing the overall Economic Development incentive of the program.
- 2.3.7. Encourage participating firms to hire Portland residents that are at or below 80% MFI when filling positions.
- 2.3.8. Market and manage the E-Zone such that it serves as an effective incentive for businesses to invest in Portland's industrially-zoned areas within the E-Zone boundary.
- 2.3.9. Manage the E-Zone in coordination with the E-Zone Advisory Committee to monitor the overall program performance and make programmatic recommendations as needed to the E-Zone manager.
- 2.3.10. Ensure that the Workforce Training and Business Development Fund maximizes the public benefit through leveraging funds with other job training programs.
- 2.3.11. The E-Zone Manager will create a Written Agreement that will ensure all aspects of the E-Zone requirements are met and enforced per the Act and this E-Zone Policy.
- 2.3.12. Ensure that the monitoring and reporting systems provide the E-Zone Manager, the E-Zone Advisory Committee and City Council with the data needed to assess participating firm compliance, program cost-effectiveness and overall success.
- 2.3.13. Ensure that the E-Zone Manager and the E-Zone Advisory Committee examine the program's overall effectiveness and make programmatic recommendations to the PDC and City Council as needed.
- 2.3.14. PDC shall identify a position that will act as the E-Zone Manager, among other duties.
- 2.3.15. An application filing fee will be required at the time a company files an application for authorization with the E-Zone Manager. The amount of the filing fee shall be the greater of \$200 or 0.1 % of the total estimated cost of the firm's proposed investment in qualified property. Failure of a company to pay the filing fee at the time of submitting the application may result in the denial of the application for authorization. If the application is denied under ORS 285C.140, any payment of a filing fee shall be refunded in full to the company. PDC may establish written guidelines regarding the fee structure and how it is applied.
- 2.3.16. Ensure that the City and its designated E-Zone Manager timely meet the reporting requirements of the Act.

- 2.4.** This E-Zone Policy is intended to comply with the requirements of the Act (specifically ORS 285C.150(4)) for an adopted policy establishing standards for the imposition of local conditions. This E-Zone Policy also provides guidance from City Council to the E-Zone Manager regarding the provisions in the Act and for additional requirements by E-Zone Sponsors for exemptions of five years' duration. Companies may not qualify for authorization for participation in the E-Zone if companies do not meet the requirements of the Act and this E-Zone Policy.

3. Written Agreement

Each Company will enter into a Written Agreement with PDC.

The Written Agreement will describe the additional city requirements consistent with this E-Zone Policy and ORS 250C.160.

If the Company incurs economic costs associated with the additional local requirements in excess of one-third of the tax savings associated with the tax abatement, then the E-Zone Manager will proportionally reduce the applicable additional local requirements such that the costs associated with the additional local requirements are less than one-third of the tax savings resulting from the property tax abatement as.

Primary Point-of-Contact

The Company will designate a primary contact person at the Company who is readily accessible by the PDC during normal hours of operation. The primary contact shall be informed about the nature of the Written Agreement between the PDC and the Company and is prepared to be responsible for representing the Company during Annual Compliance. In order to satisfy this requirement, all Companies in the E-Zone will be required to enter into a FSA with WorkSource Portland – Employment Department (“WESD”) for all employees hired at the Qualified Facility throughout the project’s construction and tax exemption period.

4.2.1. The FSA will detail performance standards for hiring and recruitment activities such as, but not limited to, identification of the growth occupations, skills required to perform opened positions, number of positions being hired, and the timeline for filling positions. This estimated amount will be used only for budgeting purposes by the Company and E-Zone Manager.

5.5.4. On an annual basis, PDC shall invoice the Company for 15% of the Company's previous year's annual abatement as determined by the Multnomah County Assessors Office ("County"). This information will be provided to PDC by the County annually on or before June 01 of each fiscal year.
